Carr's Contributions to Historiography

E.H. Carr is widely regarded as one of the most influential historians of the 20th century. His work on historiography has challenged traditional notions of historical objectivity and has helped to shape the way that we think about historical inquiry.

Carr's main argument is that all history is ultimately subjective. Historians are always writing from a particular perspective, and they are inevitably influenced by their own beliefs and experiences.

Carr does not believe that this means that history is impossible to write. Instead, he argues that historians should be aware of their own biases and should strive to write as objectively as possible.

Carr's work has had a profound impact on the field of history. He has helped to make historians more aware of the challenges of writing objective history, and he has encouraged them to be more critical of their own work.

E.H. Carr's 'Short History' is a classic work that has had a profound impact on the field of history. The third edition of this book includes a number of significant revisions and updates, which make it an even more valuable resource for students and scholars of history.

Carr's work is essential reading for anyone interested in the challenges of writing objective history and the nature of historical inquiry.
